[@realcrozetva](#) apologies. Any drafts shared with the group will be shared with the public list as well. 2/2

[@realcrozetva](#) I have gotten clarification from the county that drafts can be shared prior and be very clear that they are only drafts. 1/2

[@thecrozetway](#) I suspect we'll agree to disagree (at least I will. :)) on this.

[@thecrozetway](#) comprehension of the subject matter. If a doc can be drawn & put onscreen, it's just as easy to put it online.

[@thecrozetway](#) in this case, they weren't made during the meeting, clearly drafted before. At least handouts;small screen makes for difficult

[@realcrozetva](#) often resolutions are made during the meeting. These were rough drafted beforehand to expedite mtg and discussed publicly.

[@realcrozetva](#)

[@thecrozetway](#) 2/2 which is at times necessary, albeit frustrating. That part last night felt more like executive session than public meeting

[@thecrozetway](#) I knew they were coming, but without ability to see them beforehand, it's a very closed conversation 1/2

[@realcrozetva](#) I can imagine there are limitations to following meetings via twitter, but we are thankful for the tweets.

[@realcrozetva](#) Understood. Intention to discuss both resolutions was discussed in July meeting. Will work to get info out faster.

[@thecrozetway](#) There were quite a few "what are they talking about?" moments that I think work against the CCAC.

 2 YEARS AGO

@thecrozetway Absolutely understood. I still think for the public to know what's being discussed, they should see docs prior to discussion.

@realcrozetva Resolutions will be posted and shared once they are passed. Intent to discuss resolutions was on the agenda.

The tweets from the meeting. Make your way to the bottom and work your way up.

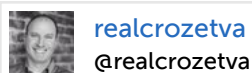

My opinion: They should be posted online prior to meetings. #CCACo815 (and thank you!)

CCAC member asking - this resolution (that I can't find either) is only for this one planning grant? #CCACo815

@realcrozetva

Still discussing planning grants, getting grants, now a committee is being proposed to talk about grants. #CCACo815

I wish I knew where to find the resolution on which they voted & the planning grant resolution - would be better informed #CCACo815
