County of Albemarle  
@AlbemarleCounty

@realcrozetva The vote was deferred.

Trying to find out what happened after 10pm in the BoS meeting last night ... anyone know the Restore n Station vote? #Crozet

@realcrozetva

With that, I'm done. Whatever one thinks about the BoS, they sure do devote a helluva lot of time to this.

Q from BoS member - it's late. If we're supposed to read all of this, shouldn't we do it another time?

The (complicated) motion is to deny. No - Yes - Yes - No - No - Yes. Doesn't move forward.

Jo Higgins - Mechums Trestle was given 5,000 gallons a day. How can you treat us so differently? (reasonable, IMHO)

Asking for an additional 19K of sq feet of usage on the 4 acre site.

Jo Higgins saying that the idea was always to have a 2nd phase of the Restore N Station. & they were open w/ the public

Sounds like the county attorney/staff is reminding BoS that this is tied \*only\* to water consumption.

Someone seconds that motion & now they're discussing. (I find it hard to walk away)

Ok, folks. I have actual work to do. Watch, please. [albemarle.granicus.com/MediaPlayer.ph...](http://albemarle.granicus.com/MediaPlayer.ph...) (& tweet, perhaps?)

BoS member asking for the minutes from the 2010 meeting to see if what applicant said then meshes w/ today. (Reasonable)

Apparently over 20 pages of signatures have been submitted by folks in support of the SUP.

Now applicant is showing photos of traffic at Brownsville Market - school buses, trucks, cars. etc. says Restore n Station is/will be safer

Meeting like this are evidence that being a citizen is hard. And politics are a long-game, played by those w/ time (& money).

Now applicant rebuttal.

Mr. Brown put 260 acres w/ 14 development right into conservation & he wants board to preserve as he has.

Holmes Brown (sp). If this SUP is granted, it will set a precedent. (not a good one, by the tone/manner)

A YEAR AGO

[realcrozetva](#)  
[@realcrozetva](#)

Mike - don't grant this.

A YEAR AGO

[realcrozetva](#)  
[@realcrozetva](#)

Mike Marshall - let's suppose you're foolish and you allow this SUP. Then they're going to ask for public water & sewer.

A YEAR AGO

[realcrozetva](#)  
[@realcrozetva](#)

Mike Marshall up. The issue is about expanding use on this location.

We in crozet are overwhelmed w/ the zoning stuff in Crozet, & we've entrusted the CCAC, so give their resolution weight.
