CCAC Meeting - 16 December 2015

Two new developments were discussed - Adelaide on 250 and West Glen off Jarmans Gap Start at the bottom. Work your way up. I'll add the video if I can make it work.

Kyle so what if we do R3? Impact same in visual and roads standpoint. But cannot do affordable homes then. \$500K homes #ccac1215

Crozet Master Plan

- Small part of County is "developable"
- Density achieves affordable communities and growth in designated place
- Comprehensive Plan also preserves property values and creates beautiful roads and scenery
- We have a beautiful County because we have good planners who designate density within specific areas
